

**Call for the selection of no. 1 short-term Research Associate position:**

The University of Pisa announces the public selection for the assignment of n. 1 research activity grant (hereinafter referred as Research Grant):

**Project PRIN2022**

**“Search at CMS for double Higgs production in bbtatau at HL-LHC exploiting Time information in event reconstruction” at the Department of Physics**

**Scientific sector**        **FIS/01 - Experimental physics**

**Contract duration:** 12 months

**Gross annual salary:** € 20.428,92

**Selection procedure:**

For each selection procedure, the Director of the Department concerned will appoint a Committee, consisting of three members.

The selection is assessed by qualifications and interview.

The interview will be aimed at assessing whether the candidate is provided with adequate knowledge of the topics relating to the scientific field that underlies the research programme, as well as aptitude and potential for the programme development.

The total rating allowed is 100/100. Academic qualifications and publications will be assigned up to 60 points. The interview will be assigned up to 40 points, with a minimum passing rate of 24/40. The ranking list will be compiled considering both ratings.

**The interview** will be held remotely using a video meeting platform, or in presence in Pisa, **on 15<sup>th</sup> novembre 2023 at 3 pm.**

During the two days before the interview’s date, candidates are requested to check the relevant page on the University website <https://bandi.unipi.it/public/Bandi?type=ASR> in order to verify: all the instructions for the remote interview or in presence interview and/or further information about possible postponement of the interview’s date.
